#### Minutes

February 8, 2018

Miami Spring Golf and Country Club

**Executive Director Richard Kuper**, MDCLC, called the meeting to order at 7:15 p.m. Mr. Kuper introduced **President Oliver Gilbert, III**, Mayor, City of Miami Gardens to give a briefing regarding the Legislative session and preempted bills being discussed in Tallahassee. President Gilbert provided the members with valuable information on a number of bills being proposed and asked that we stay updated and contact our legislators to fight for home rule and other bills affecting our municipalities. President Gilbert asked **Vice President Jordan W. Leonard**, Mayor, Town of Bay Harbor Islands to continue the meeting.

First Vice President **Leonard** introduced Councilman **Jaime Petralanda**, City of Miami Springs, to give the invocation.

Councilwoman **Mara Zapata**, City of Miami Springs, lead us in the Pledge of Allegiance.

First Vice President **Leonard** asked for a motion to approve the minutes and the consent agenda. The motion passed by unanimous vote.

First Vice President **Leonard** introduced Mayor **Billy Bain**, City of Miami Springs. Mayor Bain welcomed all and thanked everyone for visiting the City of Miami Springs and then introduced his Councilmembers and staff present. He asked that everyone enjoy their dinner and have a nice night.

Executive Director **Richard Kuper** mentioned to everyone that prior to the start of the meeting there was a tour of the golf course and the Curtiss Mansion; he mentioned how each municipality is unique. The Curtiss Mansion is a beautiful venue with a rich history and suggested that everyone

should take the time to visit this beautiful property. Mr. Kuper asked that Executive Director of the Historic Mansion Ms. **Melinda Jester** share some information with the members who were unable to attend the tour. Ms. Jester explained that the Curtiss Mansion is a historic venue in Miami Springs, just walking distance to the country club. The Curtiss Mansion is the former home of Glenn H. Curtiss, the founder of the City of Miami Springs, Hialeah, and Opa-Locka. Ms. Jester urged that we familiarize ourselves with more history about Glenn H. Curtiss and ensured all to find it quite fascinating. She informed everyone that they hold private events and historical tours of the mansion on Saturdays at 10:00 a.m. and encouraged all to attend and spread the word.

First Vice President **Leonard** then introduced **Councilmember James McDonald**, Village of Pinecrest to share information on the Project Advisory Group for the South Corridor (SMART) Plan. Councilmember McDonald mentioned that the Project Advisory Group has met and the Miami-Dade Department of Transportation has held workshops with citizens in the area for citizen input. He explained the three methods of transit: light rail, heavy rail, and bus express rapid transit and discussed the pro and cons of each method. Through the process of elimination The Project Advisory Group has dropped light rail from further consideration due to the light and heavy rail not being compatible and the high cost to build the light rail. Although the best and correct method has not yet been decided the Project Advisory Group will continue to work on improving and finding the best method of transportation for our citizens.

First Vice President **Leonard** spoke of the Miami-Dade County Days and reminded everyone that Tallahassee is in session. He expressed that we are all strong in numbers. As elected official's everyone should aspire to provide quality services at a low cost to our residents, who are our neighbors. He asked that everyone apply themselves and contact their legislators. There is only one month left to advocate for your municipalities, preempted bills, and bills that we are in support of.

First Vice President **Leonard** then introduced Mr. **Chad Friedman**, Weiss Serota Helfman Cole & Bierman for the Jackson Bond Citizen's Advisory Board Committee report. Mr. Friedman spoke of the different projects the committee has been working on such as building a Jackson Hospital Campus in west Doral, building several urgent cares around the County and major capital improvements to the Jackson facilities. He then mentioned the Jackson Mentor/ Protégé Development program which municipal leaders can benefit from. Jackson has instituted a program designed to offer highly qualified certified Miami-Dade County small business enterprise-construction (SBE-C) firms the opportunity to be mentored by industry leaders in healthcare construction management services. Each protégé will work with a construction management firm contracted with Jackson Health System to build one of our signature projects. Protégés will be mentored in all aspects of the healthcare construction management services industry, including, but not limited to: management and delivery functions performed on capital development projects; healthcare construction industry planning, scheduling, management, and field operations; and the management of subcontractors, scheduling and other tasks. He stated that if anyone had any questions or would like to speak to him that he would more than gladly assist in any way. He thanked the League for allowing him to serve on this committee.
